

Mathematics

Mrs. Jones
Team 7-1

My name is Mrs. Jones. Welcome to Team 7-1 Math! I have been teaching mathematics for the past five years. My Bachelor's Degree is in Middle Childhood Education from Miami University and I am currently working on my Master's Degree from Miami University. I got married this past summer and am currently getting use to my new name. Currently, I live in Oakley with my husband. I aim to create an inquiry-based class where all students will develop knowledge and appreciation for mathematics concepts.

By the end of the course, students will have studied many different aspects of mathematics. There will be a better understanding of data collection and representation, proportional reasoning, two and three- dimensional figures, algebra, probability, and how these concepts are connected to the world around us.

Required Materials:

1. Pen or Pencil
2. Binder with labeled tabs and loose-leaf paper
3. Current materials
4. Scientific Calculator (TI 30X II S preferred)

Course Schedule:

Graphing, Number Sense, Proportions, 2-D Figures, Functions and Algebra, 3-D Figures, and Probability

Math Help:

I am available every Tuesday after school and almost any other time when set up previously. Please seek help as soon as there is a problem. Do Not Wait until right before a test or quiz! Utilize the many resources available, such as your student planner, Progress Book, and our Team 7-1 website, to ensure that homework is completed and things are progressing on the right track. Again, keeping up with things is key.

Contact information:

Please contact me with any questions or concerns. I can be reached by phone or email at Nagel Middle School. Email is best!
Phone: (513) 474-5407
Email: laura.jones@foresthills.edu
