

Math 7

Mrs. Havlin

Team 7-4

Hello and welcome to Team 7-4 Math! My name is Mrs. Havlin and this will be my fifth year teaching math at Nagel. My Bachelor's degree is in Middle Childhood Education with a concentration in math and language arts from Xavier University. Currently I am working on my Master's degree in Curriculum and Instruction. I am married and currently living in the West Chester area. I aim to create an inquiry-based environment where all students can develop an understanding of various mathematics concepts.

By the end of the course, students will have studied many facets of mathematics. They will have a better understanding of data collection and representation, number sense, proportional reasoning, two and three dimensional figures, algebra, probability, and how these concepts are connected to the world.

Required Materials:

1. White binder
2. Pencils
3. Binder with labeled dividers and loose-leaf paper
4. TI30XA or TI30IIS(preferred)
5. Different color(ex: red, green) pen to check with

Course Schedule:

Graphing, Number Sense, Algebra, Proportional Reasoning, 2-D Figures, 3-D Figures, and Probability

Grading Scale:

A: 100 - 90 B: 89 - 80 C: 79-70 D: 69- 65 F: Below 65

Homework Policy:

As per Team 7-4's policy, students are expected to turn in their assignments the day they are due. If assignments are late, then credit will be reduced. If students have an excused absence, then they are given 2 days for every 1 day absent to complete their assignment.

Textbook:

Students will get a variety of *Connected Math Textbooks* throughout the course of the year. Each book is soft back and they are expected to keep the book in their binder to protect against wear and tear. There are many resources online for this textbook (listed below).

Math Help:

I am available Tuesday after school for students needing additional help. I would appreciate students to let me know by the end of the day on Monday if they do plan on staying. Please seek help as soon as there is a problem. Do Not Wait until right before a test or quiz!

Utilize the many resources available, such as student planner, Progress Book, and Team 7-4 website, to ensure that homework is completed and things are progressing on the right track.
