

Accessing Workbook Pages via the Online Textbook

Login: firstnamelastname

Password: Nagel ID (lunch number)

- 1.) Log in, and click on our textbook.
- 2.) On the left hand side, click on the current chapter we're studying.
- 3.) Then beneath that, you will have to search through "A Primera Vista," "Videohistoria," "Manos a la obra," and/or "Adelante" in order to find the correct workbook page.
- 4.) As you scroll through the pages, remember to use the "back" and "next" buttons at the top in the tool bar area to "turn" the pages.
- 5.) Look for boxes that say "Más Práctica." These are the workbook pages.
- 6.) As you see the "Más Práctica" boxes, look for the page number that corresponds with the homework assignment.
- 7.) Click on the appropriate "Más Práctica" box. It will open up a PDF file, which you can print out and then complete. Sometimes there will be two pages - make sure you complete the correct pages. (FYI: If you don't have Adobe Acrobat, you will need to download it. It's safe, and it lets you open the PDF file.)
- 8.) Print out the page(s), complete the page(s), and bring them to school tomorrow to be checked in class.

*** If you cannot find or access the workbook pages after following these steps, please e-mail me, and I will help you! Gracias!***
